MEMO TO FILE:

Re: *Shooter Canyon Uranium
Mines & Mill
Hydro Jet Service
T. 35 S., R. 11 E.
Garfield County, Utah*

This afternoon Mr. Duane A. Frandsen, Attorney for Hydro Jet Service came into the office for information on filing for the above described operation.

I gave Mr. Frandsen eight (8) copies of the Notice of Intent (MR 1) and Reclamation Plan (MR 2), three copies of the Bond and Bond Estimate. Mr. Frandsen stated that Mr. Gary Ekker will be filing four (4) seperate claims as well as his uncle Mr. Horace Ekker another two claims.

Mr. Frandsen left three (3) maps with us, pointing out and marking these individual mining locations and mill sites.

Mr. Frandsen requested that Ron Daniels give him a call Monday the 10th of May (801) 637-1245 at his Price office to assist him with and answer his questions on the forms MR 1 and 2 so he can get these filed with us and get the operations underway.
